PRODUCT AND SERVICE Review

01/ A BREATH OF FRESH AIR

There is nothing worse than a rangehood that sounds like a jet engine landing, making conversations or entertaining virtually impossible. Schweigen's innovative silent IsoDrive technology is the answer. The revolutionary silent rangehood design begins with the motor removed from the unit and placed externally outside your home. The Schweigen silent ceiling cassette is a combination of innovative silent technology and sleek, modern styling. The UM422G-12S ceiling cassette is finished in stainless steel with black glass doors, making it both aesthetically pleasing and practical in performance. Featuring six LED downlights, your cooking area is illuminated while preparing meals. Designed to minimise the edges where grease and oil can lodge, the high-quality filters are easy to remove and dishwasher safe, and come with a lifetime warranty. With the added benefit of a 15-minute automatic-delay timer and remote control, the ceiling cassette ensures all food odours, fumes and vapours are efficiently removed from the kitchen. schweigen.com.au

02/ BYE, BYE NASTIES

Your kitchen has never been more inviting than with Whispair's collection of rangehoods. Now available with a white glass fascia, the Rome 90 by Whispair combines a modern canopy design with remote fan motor technology, where the fan motor is placed outside the kitchen to minimise the impact of operational noise. It is coupled with Whispair's unique S-Flow baffle filters, energy-efficient LED lighting and the ultra-powerful 2010m³/hr KleenAir

remote motor system to ensure your kitchen remains free of nasty cooking by-products such as grease, heat, steam and odour. whispair.com.au

03/ EXPERIENCE THE PERFORMANCE

New to Abey Australia is the Barazza Unique collection of hobs, ovens and sinks. The main feature of the Unique collection is the vintage finish of the stainless steel. This is achieved through a completely manual process that creates elegant scratches on the surface and generates different effects according to the light. The innovative finish allows the user to fully benefit from the durability of stainless steel, as well as ease of cleaning without the fear of compromising the elegance and beauty of the surface. abey.com.au

04/ CENTRE OF ATTENTION

Nothing says winter more than snuggling up in a blanket next to a toasty fireplace. That's why the ProBuilder™ Linear gas fireplace is so legendary. The new range is available in three sizes with the largest model being more than 1800mm in width. Featuring a sleek, elegant and contemporary fire viewing area that showcases tall dancing flames, this fireplace is designed to provide comforting radiant heat. Proof that the hearth is still the heart of the home. lopi.com.au

05/ WARM THE SENSES

Not only do heated towel rails make it easier to step out of a steamy shower, they also help keep your bathroom warm, dry and free from damp-loving bacteria. Hydrotherm's selection of bespoke finishes offers strikingly flawless and highly durable designs, which allow you to express your own artistic vision and style. hydrotherm.com.au

06/ BATHROOM DELIGHT

Hydrotherm's signature floor-to-ceiling range is bold and stylish. Centrepieces for designer bathrooms, the models signify superior luxury while generating clean, radiant warmth. hydrotherm.com.au

07/ LIKE A ROLLING STONE

For a dramatic yet timeless look in your kitchen or bathroom, check out Talostone's 9090 Statuario. With a crisp white background and grey veining, Statuario is an engineered stone that looks as elegant as it is practical, and that's strong enough to resist daily wear and tear. The quartz surfaces are the perfect solution for kitchen benchtops, bathroom vanity tops and wall panels, offering countless design possibilities. talostone.com.au

08/ TAPS THAT TURN YOU ON

Finding the right taps for your home can be tricky business. Designed and manufactured in Italy, the Multitap is dripping with style. The latest in instant hot water systems, the Multitap three-in-one dispenses cool water, hot water

and steaming hot water from a single kitchen mixer. It comes in three designs and two finishes — chrome and matt black — and is supported by the newly upgraded Neotank. This 2.5L tank allows the user to heat only what they need while conserving energy for environmental stewardship. Practical and with luxury details, this nifty product will lend style and function to your kitchen. insinkerator.com.au

09/ CASUAL ELEGANCE

The versatile Harta dining table is finished in natural, rustic and classic lines with a slatted recycled teak tabletop and is available in two sizes — 250cm and 300cm. Just add some wine and pull up a chair (or four), and you're set for a season of alfresco dining. schots.com.au

10/ LET ME ENTERTAIN YOU

The Morso Forno durable die-cast aluminium Gas Barbeque makes you feel entirely at home with the art of outdoor cooking. Internally the Forno is shaped like an Italian stove, with a high domed 17cm hood that allows you to cook roasts easily and efficiently. The lid can even be kept open while cooking, with an integrated temperature gauge that ensures maximum control during the cooking process. Externally the Forno has a unique and exclusive appeal. Made from durable die-cast aluminium, with a satin enamel cast iron cooking grill, this nifty Morso Forno consistently performs. castworks.com.au

11/ SUSTAINABLE LIVING FOR THE WIN

Urban food production is a key part of our future sustainability, social connection and food security. Biofilta has developed a range of modular garden products that are water efficient, user friendly, high yielding and low-maintenance. The Foodwall sustainable garden range is designed and made in Australia, and comes in three varieties: step, vertical and horizontal food wall. Get it while it's hot. biofilta.com.au; phillipwithers.com

12/ THE NEW ETHOS

PGT-Reclaimed's Tuscan Spring buffet captures the spirit of one of the most beautiful places in the Italian countryside, where multi-generational

13

celebrations thrive. The exquisite rustic, natural finish will radiate in your living room and, like all of PGT's products, this piece is made by hand using traditional carpentry methods from 100 per cent Forest Stewardship Council-certified recycled solid wood. The company's designs show what happens when form, function and sustainability collide. pgt-reclaimed.com.au

13/ IT'S GETTING HOT IN HERE

As the weather gets cooler, it might be tempting to retreat indoors, but you don't have to. After all the hard work you've done to create the ultimate entertaining space, it would be a shame to desert it for a portion of the year. Bring inside comfort outside with the new Electric HEATSTRIP (THY) Intense. It can be used in two diverse ways — portable or fixed in place. The portable version, which is suitable for indoor use as well, comes with a modern stand that presents a stylish spin on the old portable electric stands. THY's slimline stand is paired with a 2200W heater and the unit is ideal for spot heating tables, alfresco areas, balconies, entertainment areas or work stations. In addition, the wheeled stand is resistant to corrosion, is IPX5 rated (which means it's built to prevent water ingress) and has a concealed power cable to ensure a sleek appearance. thermofilm.com.au

14/ BEST OF THE BEST

When building or renovating, windows and doors are a big investment. Award-winning Paarhammer double- and triple-glazed windows and doors are custom made in Australia. Choose from environmentally friendly plantation or Forest Stewardship Council-certified timbers, plus Australian glass. With low U-values, low air infiltration and up to 7.5 WERS energy stars, Paarhammer energy-efficient windows and doors are the stylish design solution for your project. paarhammer.com.au

15/ INVITE LIGHT INTO ANY SPACE

For a chic, timeless way to brighten and open up any home, think about incorporating sliding doors into your design and playing up existing framework. Dowell's Alfresco, Sliding and Bi-Fold doors are durable and low-maintenance, featuring easy-clean aluminium profiles. The doors completely transform a cramped room into a vast space that smoothly transitions to the outdoor living area. So what are you waiting for? Create a

wall of windows with full panel glass doors that offer sweeping outdoor views and flood your room with natural light. dowell.com.au

16/ BREATHING LIFE BACK INTO ORIGINALITY

Harkaway Homes is bringing the best of the past into the present, by reproducing quality homes from the Victorian and Early Federation eras. With integrity of design, 100 per cent flexible floor plans, and an acknowledged industry-leading brand name, a Harkaway Home offers the charm and character of yesteryear with the conveniences of modern day living. On offer are eight ranges of homes to choose from, all with authentic "Olde Worlde rooflines" and "perfect profiles" starting at 12-4sqm. A Harkaway Home will sit proudly on an inner suburban block in an established suburb or on acreage in rural landscapes. harkawayhomes.com.au
